Summary of reasons for decision:

The moving image file contains a brief video clip showing fingers rubbing fabric. The clip does not provide sufficient information to allow a conclusion that it shows any act or situation of a sexual nature. Therefore, it does not pass through the subject matter gateway of s3(1) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act). Nor does the clip raise any issues under s3A or s3B of the FVPC Act. The publication must, therefore, be classified as unrestricted. This classification is consistent with the right to freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990.
